## THE PROHIBITION

In the history of the United States, Prohibition, also known as The Noble Experiment, is the period from 1919 to 1933, during which the sale, manufacture, and transportation of alcohol for consumption were banned nationally as mandated in the Eighteenth Amendment to the United States Constitution.

Following significant pressure from the temperance movement, the United States Senate proposed the Eighteenth Amendment on December 18, 1917. Having been approved by 36 states, the 18th Amendment was ratified on January 16, 1919 and effected on January 16, 1920.

The "Volstead Act", the popular name for the National Prohibition Act, passed through Congress over President Woodrow Wilson's veto on October 28, 1919 and established the legal definition of intoxicating liquor. Though the Volstead Act prohibited the sale of alcohol, it did little to enforce the law. The illegal production and distribution of liquor, or bootlegging, became rampant, and the national government did not have the means or desire to try to enforce every border, lake, river, and speakeasy in America. In fact, by 1925 in New York City alone there were anywhere from 30,000 to 100,000 speakeasy clubs.

Prohibition became increasingly unpopular during the Great Depression, especially in large cities. On March 23, 1933, President Franklin Roosevelt signed into law an amendment to the Volstead Act known as the Cullen-Harrison Act, allowing the manufacture and sale of certain kinds of alcoholic beverages.

On December 5, 1933, the ratification of the Twenty-first Amendment repealed the Eighteenth Amendment.

## DIE PROHIBITION

In der Geschichte der Vereinigten Staaten wird als Prohibition, auch bekannt als „The Noble Experiment“, jene Zeit von 1919 bis 1933 bezeichnet, in der Herstellung, Transport und Verkauf von Alkohol für den Genuss per Gesetz (im 18. Zusatzartikel zur Verfassung der USA) landesweit verboten waren.

Auf erheblichen Druck der Abstinenzler-Bewegung schlug der US-Senat am 18.12.1917 diesen Verfassungszusatz vor. Durch 36 Staaten genehmigt, wurde er am 16.01.1919 bestätigt und trat am 16.01.1920 in Kraft.

Der Kongress überstimmte das Veto von Präsident Woodrow Wilson am 28.10.1919 und begründete mit Zustimmung zum sog. Volstead Act, wie das nationale Alkoholverbotsgesetz in der Öffentlichkeit genannt wurde, die gesetzliche Definition von berauschenden Getränken.

Obwohl das Gesetz den Verkauf von Alkohol verbot, tat die Regierung wenig, um das Verbot durchzusetzen. Die illegale Produktion und das Schmuggeln von Spirituosen („Bootlegging“) nahmen überhand, aber die Regierung hatte nicht die Mittel oder den Eifer, jede Grenze, jeden See, Fluss und jede illegale „Flüsterkneipe“ („Speakeasy“) in Amerika zu überwachen. Tatsächlich gab es vor 1925 allein in New York 30.000 bis 100.000 „Speakeasy“-Clubs.

Während der Weltwirtschaftskrise wurde das Alkoholverbot immer unbeliebter, besonders in den Großstädten. Am 23.03.1933 unterzeichnete Präsident Franklin D. Roosevelt eine Ergänzung zum Volstead-Act (den Cullen-Harrisons-Act), die Fertigung und Verkauf von bestimmten Arten alkoholischer Getränke erlaubte.

Am 05.12.1933 hob die Ratifizierung des 21. Zusatzartikels zur Verfassung der Vereinigten Staaten den 18. Zusatzartikel und damit die Prohibition auf.

### ADMITTANCE

Just gaining admittance to “**THE MARTINI-CLUB**” was much more difficult than getting into the average speakeasy.

At “**THE MARTINI-CLUB**”, the clientele were the City's notables – business tycoons, artists, performers, publishers, politicians, and the most interesting personalities from New York and the world.

Simply showing up and looking good was not enough to gain admittance. Having money to spend was not enough. The doorman would size you up before letting you in.

The “**MARTINI-CLUB**” guest had to be “well dressed and well behaved”. This was an exclusive club, always, but exclusive in the best sense of the word:

**Class didn't matter, but having class did.**

## EINTRITT

Aber auch nur in „THE MARTINI-CLUB“ rein zu kommen war viel schwieriger als bei anderen Flüsterkneipen. Die Gäste des „THE MARTINI-CLUB“ waren die angesehensten Menschen der Stadt: Industrielle, Künstler, Schauspieler, Verleger, Politiker und die interessantesten Persönlichkeiten New Yorks und der Welt.

Einfach nur adrett gekleidet aufzukreuzen und eine locker sitzende Geldbörse zu haben reichte nicht aus, um eingelassen zu werden. Sie waren allein der Einschätzung des Türstehers unterworfen.

Der Gast des „THE MARTINI-CLUB“ musste „gut gekleidet und mit gutem Benimm“ ausgestattet sein. Es war in jeder Hinsicht ein exklusiver Club – im besten Sinne des Wortes:

Es war nicht entscheidend, welcher Klasse man entstammt – wohl aber, ob man Klasse hat.

the first BLOODY MARY was created at the Harry's New York Bar in Paris by Fernand Petiot in 1912. During the prohibition it was also known as „the red snapper“ and was made with gin since vodka was not so popular at that time in the US. The name was given by a “fellow” of Petiot, well known as **MR. ERNEST HEMMINGWAY**. He dedicated this drink to his fourth wife, **MARY WELSH**.

They all came here, all those who figured in the Beat Generation: the legendary painters, writers and musicians, as well as the local Village characters you've never heard of unless you lived in the Village at that time.

The legends. The heavyweights. Allen Ginsberg, Gregory Corso, Jack Kerouac, LeRoi Jones, Frank O'Hara and even Bob Dylan got inspiration in liquid form here.

Gin and Vodka, may seem to be very modern drinks particularly with the popularity of fashionable cocktail bars in all the major cities around the world. You might be surprised that Gin is the newcomer originating sometime early in the 17th century whilst Vodka has been documented from the end of the 9th century!
